

'Not just a school. Taking learning to other places.'

Headteacher: Miss Hanna Vasey

Dear Children,

We are all very much looking forward to seeing you all back at school again on Monday. It has been a while since we have seen you all in person and I am sure you will have all grown and will have lots of things to tell us about your home learning experiences.

You might feel a bit anxious about coming back in, and that is very normal. However, you don't need to worry, we are going to do what Hawes Primary School Staff do best and that's look after you and listen to you.

You will go to your own classroom that you know, and where a member of staff will greet you. Your peg will still be there for your things and your class teacher and teaching assistants will be there to welcome you back into your usual places with your own resources in class. You will still have your own set of resources to use and you will sit where you were before.

The government has continued to ask us to sit you so that you are all facing the front and we will continue with this as we did before Christmas.

You will notice that there continues to be signs and yellow tape in the corridor and classrooms. They are there to help to remind you what to do and help you maintain your social distancing while moving around school.

We will continue with washing our hands a lot in the routines that we had set up before this lockdown and we will remind you about this on your return.

We will be having our assemblies in our classrooms not in the hall and we won't be altogether on a Friday for our Celebration assembly but you will still get the certificates and your names will go into the newsletter.

Lunches will be in our classrooms not in the canteen as they were before Christmas, so no need to worry as we'll explain all that when you come in on Monday. We will also be returning to staggered playtimes and dinnertimes when you will play with members of your own class.

Please bring back your work that you have completed at home through your home schooling and your white board and pens. The best thing will be that you will be back in school and we will all be back together to continue with our learning journey.

Have a lovely weekend,

We are all looking forward to seeing you in class together and ready to learn.

Miss Caygill and all the staff
